

Goldwell colour glow IQ

Colorglow IQ is a specialised haircare range designed for colour treated hair. Colorglow IQ offers intelligent haircare products which encompass technology specific to the colour service and different colour care needs. The result is enhanced colour maintenance specific to hair colour fade patterns, superb condition and shine and vibrant colour brilliance that lasts. Available in 3 segments - Colour, Highlights and Full Blonde

Goldwell dual senses

Goldwell DualSenses creates results you can see and feel with six clearly structured segments. Innovative Instant Microfluid Technology. New dualsenses is the perfect choice for those expecting more from a haircare

line. It makes hair not only immediately look but also immediately feel better. It is perfectly suited to different hair types and is uncomplicated and efficient in usage:

- Ultra Volume: for fine to normal hair in need of volume
- Colour: for normal to fine, color-treated hair in need of colour protection
- Colour Extra Rich: for normal to thick, color-treated hair in need of colour protection
- Scalp Regulation: for regulation of the most common scalp problems
- Rich Repair: for dry, damaged hair in need of repair
- Curly Twist: for curly, wavy hair in need of moisture and bounce

Goldwell Styling Products

Be inspired to create your individual look with Goldwell Style Sign. Goldwell Styling is a comprehensive range of styling products that combines patented technology to deliver superior results from radiating shine, long lasting, flexible hold to supremely smooth hair. With over 30 products available in 6 segments - Wild, Volume, Natural, Straight, Curl and Brilliance - Goldwell helps you achieve your desired look.

Goldwell permanent Colour

Goldwell Topchic is a professional, salon only, permanent colour range that delivers superior and reliable results. It contains Coenzyme Technology which guarantees maximum brilliance whilst providing the best possible protection of the hair. The result is maximum colour brilliance with hair that is left in optimum condition.

Goldwell Colorance

Goldwell Colorance is a professional, salon only demi-permanent colour range that delivers intensive, lasting colour results with ultimate shine. With Colorance, natural hair colour can be enhanced, grey hair can be covered up, and previously coloured hair can be revitalised. Achieve superior colour results whilst leaving your hair in optimum condition and superb shine.

GOLDWELL ELUMEN HAIR COLOUR

AMMONIA FREE INTENSIVE COLOR

Goldwell Elumen is professional, salon only permanent direct dye hair colour that delivers fantastic colour vibrancy with healthy hair results.

Elumen combines colour brilliance, vivid gloss and superb durability without compromising the hair structure. The direct dye ability gives you intensive, long lasting colour and outstanding shine without the

need for ammonia and peroxide. Available in shades, for colour creations that inspire
